Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

The 2019-2020 Local Control and Accountability Plan (LCAP) prioritizes the goals the school will implement to enhance its instructional program to meet the needs of all learners attending Norton Science and Language Academy (NSLA). Title I, II, III, IV funds will be used to support these specific LCAP goals and actions financially. Funding for each action will be directed by the school's principal and finance director in alignment with the requirements set by each supplemental funding source and upon approval of stakeholders, including School Site Council, parents, leadership team, and student advisory panel.

NSLA LCAP Goals are:

- All school community members (administrators, teachers, paraprofessionals, parents, students) will work together to improve student

achievement in all content areas.

- Provide safe and well-maintained facilities with a positive learning climate and instructional practices that are culturally responsive, and support

the academic, social, emotional, and physical needs of all students.

Title I, Part A

Title I funding is used in combination with state funding to provide a Tier 2 intervention pull-out program led by a highly qualified experienced teacher and supporting paraprofessionals. Funding is also used to facilitate the school's one-to-one device program. These supports will help students meet NSLA LCAP goals and produce greater achievement for all students.

Title II, Part A

Title II funding is used in combination with state funding to provide intentional professional development (PD) for teachers, administrators, and classified staff, all supporting the LCAP goals. Curriculum embedded PD, new teacher support, and standard-specific PD all support the academic improvement of students. Social-Emotional Learning, student safety, and cultural equity PD for administrators and classified staff help to ensure the school's climate is conducive for learning.

Title III, Part A

NSLA has a strong English Learner population (37%) who experience learning in a dual-language setting. Title III funding provides PD specifically for supporting English Learners. Teachers and administrators receive continuous Guided Acquisition Development (GLAD) training for instructional strategies used in the classroom. Developing the school's EL Master Plan, supporting ELPAC administration, and attending the California Association for Bilingual Education (CABE), are all supported by these funds and are aligned to the LCAP goals and school's mission of bilingual, bi-literate achievement.

Title IV, Part A

To promote college and career readiness, NSLA uses Title IV funding in combination with state funding to provide field trips for middle school students to local college campuses where students learn about the requirements for applying to the college and the benefits of a college education. Field trips for elementary students are aligned to content standards and allow students to experience real-world applications for their learning. Some funding also supports the school's one-to-one laptop program in combination with Title I funding.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

The alignment of federal funds with activities funded by state and local funds is evident in the Norton Science and Language Academy (NSLA) Local Control and Accountability Plan (LCAP). The LCAP details the use of funds aligned to support student-centered goals. The school will expend categorical funding, ensuring distribution follows the criteria set by each fund, prior to use of state or local funds.

Before allocating funds, stakeholder meetings such as School Site Council and Academic Leadership Team, take place to approve of funding activities making certain they align with the school's mission and LCAP goals.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

TITLE I, PART A

Monitoring Student Progress Towards Meeting Challenging State Academic Standards

- (D) identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning.

Overuse in Discipline Practices that Remove Students from the Classroom

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(11)	6 (<i>as applicable</i>)

Describe how the LEA will support efforts to reduce the overuse of discipline practices that remove students from the classroom, which may include identifying and supporting schools with high rates of discipline, disaggregated by each of the student groups, as defined in Section 1111(c)(2).

Career Technical and Work-based Opportunities

Describe how the eligible entity will promote parent, family, and community engagement in the education of English learners.

ESSA Provisions Addressed in the Consolidated Application and Reporting System

An LEA addresses the following ESSA provision as part of completing annual reporting through the Consolidated Application and Reporting System (CARS).

TITLE I, PART A

Poverty Criteria

ESSA SECTION(S)	STATE PRIORITY ALIGNMENT
1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

Norton Science and Language Academy (NSLA) is a Charter school and is its own LEA. Therefore, the poverty criteria that will be used to select school attendance areas under Section 1113 is limited to one school site. As reported on the Fall 2019 CA School Dashboard, NSLA has 76.9% of students who are socioeconomically disadvantaged.

Students will be identified primarily through the use of an approved Free and Reduced Meal Application and will include children that are eligible for free and reduced-priced lunches under the Richard B. Russell National School Lunch Act.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed**, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Not applicable. LEA is a charter school

Parent and Family Engagement

ESSA SECTIONS 1112(B)(3) AND 1112(B)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).

N/A ~ The LEA does not have schools identified as CSI/ATSI

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Norton Science and Language Academy (NSLA) annually inform parents about Title I funding as part of the development and agreement of NSLA's Parent and Family Engagement Policy. A variety of forums including School Site Council (SSC) and English Learner Advisory Committee (ELAC) work together to ensure Title I monies support the school's Local Control Accountability Plan (LCAP). Upon development and agreement of all stakeholders, the policy is made available to families supporting the Title I parent and family engagement requirements.

To involve parents and family members in the Title I process, NSLA follows these protocols:

- All parents and family members are invited annually for the presentation of the school's participation in Title I and the requirements in regards to parental participation.
- o Parents are presented information about Title I at Back to School Night
- o In September, the first Cafecito--a monthly meeting with parents and principal--takes place to inform parents about Title I funding
 - The school offers monthly meetings at a variety of times to inform families about Title I funding both in the morning and afternoons. For families who are unable to attend during those times, the monthly morning meeting is live-streamed and recorded for access at a more convenient time for families.
 - Translation services are provided during monthly meetings.
 - Monthly forums involve parents in the planning, reviewing, and improving the school's Title I program, which includes the review and improvement of the school's parent and family engagement policy.
 - Title I program is reviewed in combination with the development and agreement of the LCAP.

With authentic parent involvement, families, schools and community members work closely together to build a robust framework for student achievement. NSLA site administration has established a variety of forums to solicit parent feedback in developing, reviewing, and approving Title I expenditures, parent and family engagement policy, and the LCAP. On a monthly basis, NSLA site administration holds School Site Council (SSC) and English Language Advisory Committee (ELAC) meetings. These committees are open to the school community and include both elected parent representatives and school site staff. These forums also serve to deliver important information such as CAASPP scores, California Dashboard updates, and upcoming school events.

NSLA's Principal holds a monthly Cafecito meeting where parents are provided the opportunity to interact with the Principal. The Principal offers school updates, shares parent resources and solicits parent feedback based on current school needs. The site administration also works collaboratively with the NSLA Parent Teacher Organization (PTO). These meetings are open to all parents, and they offer an opportunity for the site administration to interact with parents and get feedback on current school issues. In addition to the monthly parent meetings, NSLA also offers parent training throughout the school year. The Parenting with Love & Logic 10-week course is being provided to parents twice a year. During this course, school site staff train parents on how to support the social-emotional needs of their children and maintain a healthy parent/child relationship.

NSLA prides itself in providing translation services during all of the committee meetings and parent meetings. Parents are provided access in both English and Spanish through Parent Square (email communication), social media, auto-dialer, and printed flyers. Often, parent trainings and informational sessions are live-streamed. It is the active and successful partnership between parents and NSLA staff that makes a robust learning environment where students can not only learn in a safe environment but thrive and lead as they move on to High School and beyond.

Parents are invited to volunteer at NSLA. Parents have opportunities to volunteer in classrooms, field trips, fundraisers and other school-sponsored events. In classrooms, parents have the chance to read with students in small groups and support in centers during universal access time. As a Spanish Dual Language School, parents have the opportunity to volunteer during Spanish and English instruction; this provides the opportunity for more parents to volunteer in the classroom.

During the school year, families are invited to Back to School Night to meet their child's teacher and receive school information. Parent-teacher conferences take place twice during the school year for elementary and once for middle school to review each child's progress. NSLA also provides family events such as the multi-cultural fair, math night, and school carnival.

Monthly Board reports indicate the efforts that NSLA undertakes to ensure parents are participating in their child's education, are providing input, and are part of the decision making process. The annual report will measure continued improvement.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

SWP: Norton Science and Language Academy is a school-wide Title I program. The school uses Title I funding to support Response to Intervention (RTI) students at a Tier 2 level. Students have been identified through multiple on-site and state assessments. The school provides a pull-out program equipped with a certificated teacher and paraprofessionals to meet the needs of the identified students during a six-week cycle that includes standard specific instruction with progress monitoring. Both salaries and supplies are supported by Title I.

TAS: N/A

Neglected or delinquent: N/A

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Norton Science and Language Academy is a school-wide Title I program and does not have any targeted assistance.

Homeless Children and Youth Services

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

NSLA's staff provides student support to the school's homeless and foster youth children by attending Counselor network meetings and McKinney-Vento Homeless Assistance Act Update meetings to ensure the organization is following laws that regulate the enrollment of homeless and foster youth children.

NSLA's counseling department is the identified Homeless/Foster student liaison and works directly with the registrar to help support the transition of a homeless student to being enrolled into the school. Students identified during the registration process as being homeless, at risk for homelessness, or foster youth are immediately referred to the School Counselor. When it is learned that a child qualifies as homeless prior to enrollment, any enrollment barriers are eliminated by registering the student without question of additional paperwork. Once the student is registered, the registrar works with the family to secure any additional items that may be needed such as the immunization record, prior school information, or any additional records that will assist in providing any additional services to the student. If the student does not have any immunization records, the registrar will give information on where the family can get their child vaccinated. Assistance will be provided to ensure the student's immunizations are up to date.

NSLA coordinates annually with the local County of Education offices and nonprofits to procure donations to support the needs of homeless children and youths. These resources, which may include school uniforms, backpacks, and school supplies, are directly distributed to families. Food baskets are also collected for families in need through student donations.

Additionally, the homeless liaison will help support the student's attendance by ensuring the student has a secure way of being transported to school to ensure regular student attendance. If the student needs support in getting school transportation the homeless liaison will work with the family to provide a public transportation pass for the student and an adult to accompany the child, as needed.

The site will use Title I reserved funds to provide any additional supplies deemed necessary to ensure student success; including but not limited to, general school supplies, uniforms, shoes, hygiene products, and transportation services.

Student Transitions

ESSA SECTIONS 1112(b)(8), 1112(b)(10), and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Norton Science and Language Academy does provide a full-day Transitional Kindergarten program for students transitioning into Kindergarten. Incoming Kindergartners have the opportunity to attend Rockets in Training twice before entering Kindergarten the following school year. This provides families the opportunity to be aware of school policies and expectations for Kindergarten as well as meeting the teachers. Title I funding is not used to provide for these programs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) coordination with institutions of higher education, employers, and other local partners; and
- (B) increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

NA

TITLE II, PART A

Professional Growth and Improvement

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Systems are in place at NSLA to promote continual growth and improvement for teachers, principals, and other school leaders. Evidence derived from assessment data, both local and state, student and parent climate surveys, and the PLC help drive the school's administrative team in determining what professional development will be added to the school's long-term PD plan. Individual staff wishing to participate in PD must fill out a formal request with a description of the training, how it will be used to promote student learning and how it supports the school's mission.

The school ensures improvement through the alignment of PD to the school's mission, both LCAP and WASC goals, and the current needs of its students. Improvement is measured through the following sources:

- Parent climate surveys
- Student climate surveys
- California School Dashboard
- On-site benchmark assessments
- CAASPP results
- Student Advisory Panel
- Parent and family meetings
- PLC

The school's leadership teams reflect on these measures monthly to determine whether PD is being beneficial to its intended audience and whether adjustments need to be made.

Systems of support for principals, teachers, and other school leaders are an integral part of facilitating growth within the teaching staff and administration. For principals and school leaders, Induction is provided through a University of their choice funded by the school. NSLA's CEO supports leaders through on-site coaching. The school also encourages job-shadowing for teachers who desire to move into an administrative roll.

All new teachers participate in the Induction program for the first two years of their career, provided by the Center for Teacher Innovation. New teachers are paired with a teaching coach during the two-year program. New teachers will work with their coach to focus on the California Standards for the Teaching Profession, such as classroom management, instructional strategies, and parent communication.

NSLA evaluates its systems of professional growth annually and adjusts as necessary. Each winter, the school's leadership teams review data including the California School Dashboard, CAASPP data, on-site benchmark data to measure whether professional development has made a positive effect on learning in supporting the school's mission and goals. Teams also have the opportunity to give feedback from personnel who attended trainings and their observations from implementation. Information gleaned from these conversations facilitates adjustments to the school's PD long-term plan and allows the school to plan PD for the following school year and appropriate Title II funds accordingly.

Prioritizing Funding

ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A ~ This LEA does not have schools identified for CSI/TSI

All funding is used by the single school in the LEA.

Data and Ongoing Consultation to Support Continuous Improvement

ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

To continually update and improve activities, Norton Science and Language Academy has the following structures in place to regularly review data:

Academic Team Meeting (ATM): This team meets on a weekly basis and consists of school administrators, Teacher on Special Assignment (TOSA), counseling, facilities manager, IT manager, and Chief Financial Officer. The focus of these meetings is to review and evaluate the school's programs, current assessment data, school culture, and budget planning.

Academic Leadership Team (ALT): This team meets monthly and consists of school administrators, TOSA, and teacher representatives. The focus of this team is instructional practices across campus, reviewing data and programs in place. This also may include planning time for upcoming school events.

On-site and state assessments: NSLA implements three benchmark windows each year along with CAASPP assessments. Students are assessed in the areas of math, ELA, Spanish Language Arts, and writing. Grade level teams meet with TOSA and Coordinator of Assessments to analyze data and determine the next steps for instruction based on these results. This data is used to determine the professional development needs.

Professional Learning Communities (PLC): Certificated staff meets on a weekly basis in PLC to review student data and plan instruction. Elementary grade levels also meet weekly with the TOSA to review data and instructional strategies to use with the currently adopted curricula.

TITLE III, PART A

Title III Professional Development

ESSA SECTION 3115(c)(2)

Describe how the eligible entity will provide effective professional development to classroom teachers, principals and other school leaders, administrators, and other school or community-based organizational personnel.

THIS ESSA PROVISION IS ADDRESSED BELOW:

At Norton Science & Language Academy, Title III monies are invested in professional development to meet the needs of the school's English Learner population. Annually, the school invests in language acquisition training through Project GLAD (Guided Language Acquisition Development) which takes place throughout the school year. All teachers in grades TK-8, receive this training. Grade level spans receive an all-day training on GLAD strategies once a year and all staff receive whole group guidance four times per year instructing on using GLAD strategies to support state and local assessments such as the CAASPP and ELPAC. Monitoring progress on these assessments as well as the English Development Assessment (EDL), Student Oral Language Observation Matrix (SOLOM), Developmental Reading Assessment (DRA), and on-site benchmarks, inform the school site whether GLAD is helping to increase student achievement.

Other trainings include: staff, both teachers and administrators, attend the California Association for Bilingual Education (CABE) annually to stay abreast of current trends in bilingual education and support for English Learners, administrators receive training on developing the school's EL Master Plan to ensure English Learner's are supported in all areas, and classified staff who administer the ELPAC assessment, receive on-going training twice a year for administration of the exam. All CABE attendees provide school staff with professional development, sharing the training they received.

Enhanced Instructional Opportunities

ESSA SECTIONS 3115(e)(1) and 3116

Describe how the eligible entity will provide enhanced instructional opportunities for immigrant children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

NA

Title III Programs and Activities

ESSA SECTIONS 3116(b)(1)

Describe the effective programs and activities, including language instruction educational programs, proposed to be developed, implemented, and administered under the subgrant that will help English learners increase their English language proficiency and meet the challenging State academic standards.

THIS ESSA PROVISION IS ADDRESSED BELOW:

To enhance instruction in the core academic areas, NSLA teachers are Project GLAD trained in Language Acquisition. This research-based training provides instructional strategies teachers use with the adopted curriculum to create access for the population of English Learners.

English Learners will be monitored through a battery of assessments such as the ELPAC, CAASPP, EDL, and on-site assessments, to determine whether changes are necessary for the adopted curriculum or whether supplemental materials need to be purchased. This data also helps to determine the professional development needed for staff to provide high-quality instruction to EL students.

English Proficiency and Academic Achievement

ESSA SECTIONS 3116(b)(2)(A-B)

THIS ESSA PROVISION IS ADDRESSED BELOW:

The school implemented the following processes to determine the best use of its Title IV funding:

- All parents and family members are invited annually for the presentation of the school's participation in Title IV.
- o Parents are presented information about Title IV funding and its uses at Back to School Night.
- o Each September, the first Cafecito—a monthly meeting with parents and principal—takes place to inform parents about Title IV funding and to receive feedback about how

those funds are used.

- In February, the school provides a Town Hall forum in the evening to update parents regarding The California School Dashboard and the LCAP. Input from families provides the school with the information necessary to develop the school's LCAP for the following school year including how Title IV monies will be spent. Translation services are available along with accessibility and child care.
- The school offers a variety of monthly meetings to inform families about Title IV funding both in the morning and afternoons. For families who are unable to attend during those times, the monthly morning meeting is live-streamed and recorded for access at a more convenient time for families. Translation services are also provided during these meetings.
- Monthly School Board Meetings provide information regarding the LCAP development and the disbursement of Title IV funds. School Board Meetings are open to the public, after school and are live-streamed for families to access if they cannot attend. Public comment is always an option for attendees.
- The school's Academic Team (ATM) meets weekly to review data (on-site benchmark data, California Dashboard data, attendance data, facilities report) to inform how Title IV funding would best support the needs of students.
- ATM reports their Title IV funding ideas to the school's Executive Team members, Academic Leadership Team, and Professional Learning Community to gain input from all stakeholders as to how the money should be spent.
- Student and parent climate annual survey data is taken into consideration when deciding on the distribution of Title IV funds.
- The Dream Team (student advisory group) participates in the decision making with ideas of how funding should be spent.

After reviewing data and meeting with all stakeholders, it was determined that Title IV funds go to support college and career readiness and adhere to the school's mission to ensure learning for a diverse and often underserved population of students who will be college and career ready as a result of our safe and rigorous bilingual, biliterate, and multicultural education.

Title IV funding will be implemented in the following ways:

(A) - Students in middle school take two field trips annually to visit local UC and CSU campuses that includes a tour and information on how to prepare and plan through high school to ready to apply for college.

(B) - All grades participate in at least one field trip aligned to grade-level standards annually. Field trips give students the opportunity to apply what they've learned in the classroom in a real-world environment.

(C) - To align with the new Health Education Frameworks, curriculum was purchased for grades 5 and 7 to be implemented this school year.

(D) - Students in grades 3-8 have one-to-one devices that include online curriculum access and educational applications for supplemental practice aligned to state standards.

(E) - The school will use on-site benchmark assessments, student climate surveys, state assessment data, and teacher observations to determine whether the intended outcomes for activities and programs described in parts A-D have come to fruition. This data will demonstrate the effectiveness of how Title IV funds were used and whether to continue for the following school year.
