What are we learning?

We are happy to announce that the students will begin Unit 6 (**Confronting Challenges**) in **English Language Arts**. They will be learning about story elements and what characters to when confronted with challenges. Additionally, students will continue to use annotations to identify key details in their reading. **Math** will consist in solving multiplication and division problems using multiple digit numbers in Module 3. (Engage New York) In **Science**, students will finalize their NSAA Science and Engineering Fair project. (**Display Project Due: Tuesday, February 7, 2016**)

Students will continue to practice the **Expository five paragraph essay** in both Spanish Class and transfer the skills to English Writing. In **Spanish Language Arts**, students will begin **Unit 6 (Confronting Challenges)**, and learn about this Unit using leveled readers. Our **Social Studies** will focus on learning about Native American cultures and their history.

¿Qué estamos aprendiendo?

Estamos emocionados de anunciar que en **Artes de lenguaje en ingles**, vamos a comenzar **Unidad 6** (Enfrentando retos). Los alumnos aprenderán sobre los elementos de una historia y que es lo que hacen los personajes de una historia cuando se enfrentan ante un reto. Adicionalmente, los alumnos continuaran usando anotaciones para identificar detalles clave en su lectura de ingles. Las **matemáticas** consistiran en resolver problemas de multiplicación y división utilizando números de dígitos múltiples en el Módulo 3. (Engage New York) En **ciencias**, los alumnos finalizaran su **proyecto de ciencia e ingeniería**. (**Presentación de Proyectos: miércoles, 7 de febrero**)
